Handwritten notes on a piece of paper, possibly a ledger or account book. The text is written in cursive and includes several entries, some of which are crossed out. The entries appear to be financial or accounting in nature, with some numbers and dates visible. The paper is tilted and the handwriting is somewhat faded.

*[Faint handwritten notes at the bottom of the page]*

1. The first part of the document is a list of names and dates, which appears to be a record of some kind. The names are written in a cursive script, and the dates are in a more formal, printed style. The list is organized into two columns, with names on the left and dates on the right. The names are: John Smith, James Brown, William Jones, and Thomas White. The dates are: 1810, 1811, 1812, and 1813. The list is followed by a signature, which appears to be "John Smith".
